

Dear Students,

Let me inform you about the form of distance learning and changed requirement in connection with Statistics (GTÜSE1012AB) subject.

Requirements:

We cancel the conditions for obtaining a signature.

We keep the conditions of exam, because we don't have sufficient information about the exam period. If it changes, we will inform in time through Neptun system.

Form of distance learning:

1. You can reach every material and handouts from Statistics (GTÜSE1012B) subject on the following link: [https://gtk.uni-miskolc.hu/gei/letoltetek?file\\_category\\_id=745&order\\_type=NAME&view\\_type=LIST](https://gtk.uni-miskolc.hu/gei/letoltetek?file_category_id=745&order_type=NAME&view_type=LIST)

2. Our Institute will use the GoToWebinar application. With the help of it you can enjoy the lectures and seminars in live. To join the lessons you need to install the application in advance to your computer or your smart device. It is available for several platforms (Windows, Mac, IOs, Android). It's free for you and it is not required any subscription to download.

You can download the application in advance from the following page:

<https://support.goto.com/webinar/help/download-now-g2w010002>

You can check the system requirements on the following page:

<https://support.goto.com/webinar/system-check-organizer>

3. The lectures will be in the same time as before, Wednesday 16:00.  
To attend on the lecture on 25<sup>th</sup> March, you need to make a registration on the following: <https://attendee.gotowebinar.com/register/5129752113907826699>

After the registration, you will receive a confirmation mail, by clicking on the Join Webinar button in this e-mail you can join to the class at Wednesday 16:00.

With this program, you can't share your webcam, only the presenter can share contents. By default your microphone also will be muted, so the participants can not communicate with each other. If you have questions, please use the Questions panel in the program, and then we can enable your microphone to ask your question orally.

You can find some useful videos about the GoToWebinar platform on the following link:

<https://support.goto.com/webinar/videos?labelid=4a17cd95>

4. The seminars will be in the same time as before, Wednesday 14:00.  
You can make your registration for the next seminar on the following link: <https://attendee.gotowebinar.com/register/8769572107962542347>  
Please note, that despite the attendance on seminar is not required to get the signature, join in to the Webinar whenever you can, because it contribute for the understanding the subject, and your successful exam!
5. As you know you can reach the solutions of exercises on the website.
6. Unfortunately, it is not possible to have a personal consultation. If you have questions, you can reach us in e-mail, and we can schedule an online meeting (Skype or GoToMeeting, etc).

Contact of lecturers:

Roland Szilágyi, PhD – [roland.szilagyi@uni-miskolc.hu](mailto:roland.szilagyi@uni-miskolc.hu)

Levente Lengyel – [lengyel.levente@uni-miskolc.hu](mailto:lengyel.levente@uni-miskolc.hu)

You can find every information about the subject from our Institute on our webpage (<https://gtk.uni-miskolc.hu/gei/hirek>).

This is a new situation for everyone, so please have patience and understanding! If you have constructive suggestions regarding the Webinars or the subject, let us know.

Best Regards,

Roland Szilágyi, PhD
